Specifications

Length	Thickness (T)	Thickness
245 mm	70 mm	18 mm

The inspiration from the world of colour that speaks its language. It is the perfect choice of architect and business class to décor their personal walls. It provides peace to eyes and spread positivity in the surrounding. It is the best choice for light and dark contrast. The product has the best length to suit the wall. The natural clay keeps the wall cool and maintain the temperature. The clay passes under high pressing machine which give it perfect shape and strength. The ivory shade comes in random look as it's a natural clay process.
